

# Don't Look Back

Miguel

If I (if I), don't make it back before the sun (the sun)

All you have to do is run (run)

Just promise me you'll run (run)

And don't look back

Don't look back

Don't look back

Don't look back

And promise me you run

I feel the night approaching

The moon calling me

Reluctant eyes have witnessed

I felt compelled to warn you

I'm not all that I seem

And though I care about you

The night is calling me

If I should claim a victim

To devour before the light

I pray that you forgive me

It's just my appetite

[Bridge]

And if I (And if I)

I should try (I should try)

Try to lure you baby (try to lure you back)

Ooooooh, ooooooh you just try to get as far away as you can (Oooh Aaah)

And don't look back

And promise me you'll run

Thought you run

Thought you run

What's your name? Who's your daddy

Is a rich like me (Like me, like me)

Has it taken, the time to show ya

All the things you need to live

Tell it to me slowly

I really want to know

Is the time of the season for lovin', lovin'
