

Ain't It All Amusing

Elf

Baby if you flatter me
You might get somewhere
But I ain't going to flatter you
'Cause i don't really careAin't it all, ain't it all amusing?Now, now maybe if you give the sign
I might be a man
Baby if I've got the time
I'll do the best I can
Ain't it all, ain't it all amusing?
Well ain't it all right, right, ain't it all amusing?
Make me laughHey Jack and Jill went up the hill
To fetch a pail of water
Jill fell down and broke her crown
And that's the way it ought toWell, ain't it all now, all now, all, ain't it all amusing
I say, ain't it all, right, ain't it all amusing
Baby if you flatter me
You might get somewhere
But I ain't going to flatter you
'Cause i don't really careAin't it all, ain't it all amusing
Well, ain't it all, right, right, ain't it all amusing, all amusing
