

That's All I Need To Know

Sam Cooke & The Soul Stirrers

Darling, I promise from this
Day forward, to go wherever you go
If you only tell me that you love me
That's all I need to know You don't have to tell me 'bout your past life
About things you've done before
Oh my darling, just say you love me
That's all I need to know I'll be your slave, your every crave
And wish is my command
But when I'm blue and lonely too
Be there to hold my hand
You don't have to tell me where
You came from, all I know is I love you
So, just say you love me
That's all I need to know
You don't have to tell me where
You came from, all I know is I love you
So, just say you love me
That's all I need to know Why don't you say you love me?
That's all I need to know
