Never Forget You

Noisettes

What you drinking? Rum or whiskey? Now won't you have a Double with me?I'm sorry I'm a little late I got your message by the way I'm calling in sick today So let's go out for old time's sakeI'll never forget you They said we'd never make it My sweet joy Always remember me We were mischievous And you were always wearing black I was so serious You know my boyfriend's mother nearly had a heart attackI'm sorry I'm a little late You know the stripes on a tiger are hard to change I know this World feels like an empty stage I wouldn't change a thing So glad you're back againI'll never forget you They said we'd never make it My sweet joy Always remember meI'll never forget you At times we couldn't shake it You're my joy Always remember me We just got swallowed up You know I didn't forget you We just got swallowed up We just got swallowed up And you know that I didn't forget you We just got swallowed up By the whole damn worldWatcha thinkin'? Did you miss me? I borrowed your silver boots Now if you'd just let me give them back to youI'll never forget you They said we'd never make it My sweet joy Always remember me I'll never forget you Although at times we couldn't shake it You're my joy Always remember me
