

# Wish You Were Here

## Wyclef Jean

Lets go  
so so you think you can tell  
heaven from hell  
blue skies from pain  
can you tell a green field  
from a cold steel rail  
a smile from a vail  
do you think you can tell  
did they get you to trade  
your heroes for ghosts  
hot ashes for trees  
hot air for a cool breeze  
cold comfort for change  
did you exchange  
a walk on part in the war  
for a lead role in the cage  
whether your listening to hip hip-hop  
or your tuning to rock  
refugees on your box  
we gonna take over ya blockslets go  
how i wish, how i wish you were here  
we're just two lost souls swimming in a fish-bowl  
year after year  
running over the same old ground  
but have we found the same old fears  
wish you were herewhether you listening to rock  
or you pumping the hip-hop  
refugees on your box  
critics don't mistake this for just any cover tune  
I'ma take ya all to the dark side of the moon  
kicking in my moms womb this song was just a thought  
a young refugee labeled, just come with a passport  
dad used to tell me about the american dream  
my dream was waking up the projects  
a young teen listening to hip-hop  
my brother tuned me into rock  
put me up on pink floyd a band from the british blockswhether you pumpin the hip hip-hop  
or you tuning to rock  
refugees in your box we gonna take over your blocks  
from n.j. to bk to the ukhow i wish, how i wish you were here  
we're just two lost souls swimming in a fish-bowl  
year after year

running over the same old ground  
but have we found the same old fears  
wish you were here
