

# Thinkin' with My Heart Again

Lee Ann Womack

I only needed coffee  
Aisle 4 is where he caught me off guard  
Seemed like a lifetime, between his goodbye  
And by the way how have you been? He talked about the weather  
I thought of nights I held him so close  
There I go  
Thinkin' with my heart again His smile brought back the best times  
Sweet memories of nights together  
Stirrin' up those old feelin's  
That got me thinkin' 'bout forever with him  
He said, "I'd best be goin'  
There's someone waitin' for me outside, and I'm dyin'  
There he goes and here I go  
Thinkin' with my heart again"  
His smile brought back the best times  
Sweet memories of nights together  
Stirrin' up those old feelin's  
That got me thinkin' 'bout forever with him I only needed coffee  
Aisle four is where he caught me  
Thinkin' with my heart again
