

# Hillside (feat. Wiz Khalifa & Mansa)

Tory Lanez

You the one I side to the hillside  
You gon' keep it tight for the hillside  
When they say that I see my real side baby  
That's the real side, baby, that's the real side  
You the one I slide to the hillside, yeah, yeah  
You gon' keep it right for the hillside, yeah, yeah  
When they say that I see my real side baby  
That's the real side, baby, that's the real side  
You the one I slide to the hillside, yeah, yeah  
You gon' keep it right for the hillside, yeah, yeah  
When they say that I see real side baby  
That's the real side, baby, that's the real side  
You the one that slide to the real side
