

What Are You Waiting For

Miranda Cosgrove

Standing here in our final hour
I can't believe this is the end
Now i wish that i had the power to
start this all over again

Cause I know that i'm gonna miss you when you're gone and id hate to leave it this way
Just make a move you've got nothing to lose, no
Here i am, take a chance

What are you waiting for?

telling you as a friend

we could be so much more

I never thought anyone ever could make me feel this wa so make my day!
hat are you waiting for, what are you waiting for
without you its gonna be lonely

so lets make the most of tonight ever say you were the only... one who could make alright ow i

don't know when i'm gonna see you again cant you take my mind off the pain?
just make a

move you've got nothing to lose, nohere i am, take a chance what are you waiting for? I'm

telling you as a friend, we could be so much more r thought anyone ever could make me feel

this wa so make my day!

dont make me feel stupid don't say i was wrong building this up in my mind for so long now

our times running out so you got to be strong if you wanna make this right break the ice dont

think twice, take me away! what are you waiting for?

ever thought anyone ever could make me feel this so make my day!

here i am, take a chance what are you waiting for?

im telling you as a friend, we could be so much more. ought anyone ever could make me feel

this way so make my day! are you waiting for, what are you waiting for?
