

Keep It Movin' (feat. Serayah McNeill & Yazz)

Empire Cast

I'm so dangerous
Listen to me, here we go I got a body like a weapon
It goes ba, ba, bang, bang
And every time that we're together
I drive you insane, insane
Got me up in here, what you gonna do with it
Now I need a man that can aim, let's get it
Get a little trigger happy daddy
Get a little trigger happy daddy
Every time I show her my maneuver
She brag about the way I give it to her
I do it sort of like a rooger
That's true tho, haha that's true tho
And I don't even got a license
But it don't matter because I get it private
Every time I'm using [?], she gon like that
She excited and I'm excited And I don't got time for love
Don't got time for love (ain't got no time)
Keep it movin', keep it movin', keep it movin', keep it movin'
And I don't got time for love
Don't got time for love (ain't got no time)
Keep it movin', keep it movin', keep it movin', keep it movin'
Whoaaaaaa
Keep it movin', here we go
Keep it movin', here we go, g-g-go, go, go, go
I got a body like a weapon
It goes ba-ba-ba, bang bang
And every time that we're together
I make you say my name Got me up in here, what you gon do with it
Now I need a man that can aim let's get it
Get a little trigger happy daddy
Get a little trigger happy daddy I just wanna hit the bullseye once
You just wanna make me wait around for months
You can go first, I can go second
But I ain't sweatin' for the record
Bang bang bang, bang bang bang
One more time, bang bang bang bang
I'll keep it and I hit you like a dog
[?] just tell you talkin' And I don't got time for love
Don't got time for love (ain't got no time)
Keep it movin', keep it movin', keep it movin', keep it movin'
And I don't got time for love

Don't got time for love (ain't got no time)
Keep it movin', keep it movin', keep it movin', keep it movin'
Whoaaaaaa
Keep it movin', here we go
Keep it movin', here we go, g-g-go, go, go, go, go, go
Whoaaaaaa
Keep it movin', here we go
Keep it movin', here we go, g-g-go, go, go, go
Body like a weapon
It goes ba-ba-ba, bang bang
And every time that we're together
I make you say my name
