

# Fall in Love

Sammy Johnson

Yeah  
I cant get you out my mind  
I try so hard to find  
a way to stop these thoughts from creepin in my head (ooooh)  
spending time with friends  
only seems pretend  
cause while I'm laughing while I'm smiling I'm thinking of you  
what is it can I do  
to make my self stop thinking of you  
and all the things that you do  
maybe I'm just a mess  
I'll never get the chance to tell you just how feel  
Baby if I get the chance to talk to you  
Ill find the words and make you fall in love (ohhh)  
and maybe if I hold you close look in your eyes  
you' ll realise that you and I are in love  
but only if I get the chance girl I will make you feel your love is real to me  
(ohhh)Now I've been in love before (oooh)  
and i know that love sure  
and for and I'm the one for you (ooooh)  
tell me is this love(is this love)  
tell me is this love cause i cant go another day without you here with me (woahooooh)  
what is it can i do(what is it can i do)  
to make my self stop thinking of you and all the things that you do  
(and all the things that you do yeah yeah)Maybe I'm just a mess  
I'll never get the chance to tell you just how I feel (ohhhh)  
Baby if I get the chance to talk to you  
Ill find the words and make you fall in love (ohhh)  
and maybe if I hold you close look in your eyes  
you' ll realise that you and I are in love  
but only if I get the chance girl I will make you feel your love is real to me  
(ohhh)But I can't get you out my mind  
(can't get out my mind)  
but I think about you all the time  
(about you all the time)Baby if I get the chance to talk to you  
Ill find the words and make you fall in love (ohhh)  
and maybe if I hold you close look in your eyes  
you' ll realise that you and I are in love  
but only if I get the chance girl I will make you feel your love is real to me  
(ohhh)
