

# They Just Don't Know You

## Little Mix

Daddy doesn't think that you'll be good enough for me  
Mama says be careful 'cause he'll break your heart in three  
They don't walk in my shoes  
They ain't be kissed by you My sister says she doesn't like the way you wear your hair  
But I know that she's jealous so why would I even care?  
I have to lie about  
How good you make me feel So oh oh Tell me, tell me you won't break my heart  
You won't tear my world apart  
And you'll be there when I need  
'Cause I wanna tell them  
They just don't know you  
They just don't know you  
They just don't know you  
They don't know you like I do  
They just don't know you (They don't know)  
They just don't know you (They don't know)  
They just don't know you, like I do Talk is cheap and rumors spread but they go with the wind  
It's not about she said he's sick 'cause I know where it ends  
I know the real truth  
And the real truth is you It's funny 'cause at times it feels like us against the world  
They treat you like a criminal but I'll still be your girl  
I'll ride or die with you  
Walk the line if you ask me to So oh oh  
Tell me, tell me you won't break my heart  
You won't tear my world apart  
And you'll be there when I need  
'Cause I wanna tell them They just don't know you  
They just don't know you  
They just don't know you  
They don't know you like I do  
They just don't know you (They don't know)  
They just don't know you (They don't know)  
They just don't know you, like I do L-l-l-like i do  
They just don't know you  
You don't know about our love  
You choose what you see  
'Cause if you'll feel the way we love  
You would just let it be  
You don't know about the times  
When it's just him and me  
'Cause if you'll feel the way we love You would just let it be  
Tell me, tell me you won't break my heart

You won't tear my world apart  
And you'll be there when I need  
'Cause I wanna tell them  
They just don't know you  
They just don't know you  
They just don't know you  
They don't know you like I do  
They just don't know you (They don't know)  
They just don't know you (They don't know)  
They just don't know you, like I do
