

2 Chainz

That's how many ounces in a brick  
That's how many ounces in a brick  
That's how many ounces in a brick Whip that shit, whip my wrist  
I might whip your bitch if she ain't with that shit  
Young whippersnapper, I might eat that snapper  
Got a yellow bitch, gotta whip them at ya  
All I know is soda bakin'  
All them other niggas fakin'  
Watch them niggas fall to pieces  
All them other niggas flaky  
Did it for my city sellin' crack out my building  
Now I ride around with a crack in the ceiling  
Exhale, Ziplock, flip-flop with them burglar doors  
Yeah, I got that hard work  
Nigga, you are unemployed  
Residue all on the floor  
Just made a mil so you know that's what I'm hungry for  
Get it how you live  
That's how many ounces in a brick  
That's how many ounces in a brick  
That's how many ounces in a brick
