

Hate It or Love It (feat. TeeFLii)

Nipsey Hussle

my face fat
that means I'm eating where your steaks at
where your real dogs that love you not them fake cats
where them girls that got your name as a face tatt
Know by your first cant replace that,beefing with your nigas, so you stay strapped
Believe me its religious where your grace at
Jumping after portswherel you're faith at
where the blocks where you made your plays at
i put slauson on the map You gotta face ...facts ...
Kept it hood like 6 braides and blue wave caps
said I couldnt but I did, you can't change that
you can hate it, you can love it that wont change jack

(- TeeFLii)

You can hate ot you can love it
Hate or love it, hate or love it,
I will never stop my gride I came too far to look behindYou say I couldn't, I did it, I did it,
You say I wouldn't I did, I did

And you can stop me, you can stop me, you can stop me(verse 2 TeeFLii)

Haters try to fuck with my mind, keep on talking from behind

I ain't got no worries at all

Nigga I grind for this, homie im made for this

This is too my ex-s that be sais we alongdont get

They can hate but I know they gotta hear this song

Ooh, and you aint ever found a young nigga like me

Yeah I did what you saidI wouldnt do

(hook)

hate it or love it,

Hate it or love it

Hate or love it, hate or love it,

I will never stop my gride I came too far to look behind

You say I couldn't, I did it, I did it,

You say I wouldn't I did, I did

And you can stop me, you can stop me, you can stop me(verse 3- Nipsey)

From one way bus stops, busting 'til the gun stop

to pulling up in young drop, and parking front of drug spots

look at how your young popped ...Look at how this young flock

Looking out my living room, like hell no, I won't stop

All I need is one shut, that; s just how we was taught

Sitting in a circle all silent thas cause funds talk

...desperation rubbed off...find myself I was lost

sketched it out, architecht the blue prints of a young boss()

Hate or love it, hate or love it,

I will never stop my gride I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me(4- Nipsey)
some times i think that.
All I do it's break hearts, all this nigga fake hard.i aint caught a state charge
So I just wanna thank God, see me in that new cord see me with a new broad
Everything I've been throught tell me i went to far
I ain't have enough niga, screaming out, fuck niggas
This ain't good luck nigga, another good run nigga
I'd have too or three, and between you and me
I don't hate none of yours
Cuz jealousy aint new to me()
Hate or love it, hate or love it,
I will never stop my grade I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me no
