

# Wanna Be You

## Her

I never let you go  
No I never felt this before  
No matter how high  
How low  
No matter how wide  
How far  
I let you know  
I let you know Oh I never let you go  
No I never felt this before  
Oh baby you know Tell me I  
Don't wanna be you  
Don't wanna be me  
Tell me I  
Don't wanna be you  
Don't wanna be me  
No matter how high  
How low  
No matter how wide  
How far  
I let you know  
I let you know  
No matter how high  
How low  
No matter how wide  
How far  
I let you know  
I let you know  
Oh baby we know Tell me I  
Don't wanna be you  
Don't wanna be me  
Tell me I  
Don't wanna be you  
Don't wanna be me  
Tell me I  
Just wanna be you  
You wanna be me  
Tell me I  
Just wanna be you  
You wanna be me I never let you go  
No I never felt this before  
No matter how high  
How low

No matter how wide  
How far  
I let you know  
I let you know  
Yeah I never let you go  
No I never felt this before  
Oh baby we know Tell me I  
Don't wanna be you  
Don't wanna be me  
Tell me I  
Don't wanna be you  
Don't wanna be me Tell me I  
Just wanna be you  
You wanna be me  
Tell me I  
Just wanna be you  
You wanna be me Tell me I  
Just wanna be you  
You wanna be me  
Tell me I  
Just wanna be you  
You wanna be me
