

# Blue Lights (feat. Dosseh)

Jorja Smith

I wanna turn those blue lights  
Into strobe lights  
Not blue flashing lights  
Maybe fairy lights I wanna turn those blue lights  
Into strobe lights  
Maybe even fairy lights  
Not blue flashing lights One  
Don't you run when you hear the sirens coming, when you hear the sirens coming  
You better not run cus the sirens not coming for you  
What have you done?  
You went to school that day, was a bit late but it was a Monday  
Kept after class for answering back  
You apologized any harm in that  
What have you done?  
There's no need to run  
If you've done nothing wrong  
Blue lights should just pass you by Two  
Gun crime into your right ear  
Drugs and violence into your left  
default white headphones flooding the auditory  
subconscious waves you accept.  
You're sitting on the 4 back home  
"Where you at G? Answer your phone!"  
Pause the poison to answer his message, your boy sounds rushed fears for his adolescence What  
have you done?  
There's no need to run  
If you've done nothing wrong  
Blue lights should just pass you by  
Tall black shadow as you're getting off the bus  
shadow shows no emotion so what's even the fuss  
But the face of your boy casts a darker picture of the red handed act he's gonna whisper;  
"Look blud I'm sorry cus I know you got my back,  
he was running I couldn't think i had to get out of that"  
Not long ago you were miming to the sones  
Now this really is part two cus you're the sone Hands you the tool as you question your  
friendship  
How's man like you gonna make me a convict?  
Level of a felon when I've done nothing wrong  
Blood on my hands but I don't know where it's from  
Oh, you got blood on your hands but you don't know where it's from You better run when you  
hear the sirens coming  
when you hear the sirens coming

better run when you hear the sirens coming cus they will be coming for you  
Run when you hear the sirens coming  
better run when you hear the sirens coming  
When you hear the sirens coming, the blue lights are coming for you What have you done?  
There's no need to run  
If you've done nothing wrong  
Blue lights should just pass you by Blud, when you hear the sirens coming  
Don't you run when you hear the sirens coming  
Blud, when you hear the sirens coming  
Don't you run when you hear the sirens coming  
What have you done?  
Don't you run  
Don't you run  
Don't you run when you hear the sirens coming
