

# Waltzing Along (Single Version)

James

Help comes  
When you need it most  
I'm cured by laughter  
Mood swings - not sure I can cope  
My life's in plaster (In plaster) May your mind be set you free (Be opened by the wonderful)  
May your heart lead you on  
May your mind let you be through all disasters (Be opened by the wonderful)  
May your heart lead you on  
These wounds are all self-imposed  
Life's no disaster  
All roads lead onto death row  
Who knows what's after May your mind be wide open  
May your heart beat strong  
May your minds will be broken  
By this heartfelt song Arriba!  
May your mind set you free (Be opened by the wonderful)  
May your heart lead you on  
May your mind let you be through all disasters (be opened by the wonderful)  
May your heart lead you on (may your heart lead you on)  
May your eyes let you see through all disasters (be opened by the wonderful)  
May your heart lead you on (may your heart lead you on)  
(May your mind let you be opened by the wonderful)  
Set you free (May your heart lead you on) etc.
