Strangers In the Night

Frank Sinatra

Strangers in the night exchanging glancesWondering in the night What were the chances we'd be sharing love Before the night was through. Something in your eyes was so invitingSomething in your smile was so exciting Something in my heart Told me I must have you. Strangers in the nightTwo lonely people we were strangers in the night Up to the moment When we said our first hello. Little bit we know Love was just a glance away A warm embracing dance away, and Ever since that night we've been together. Lovers at first sight, in love forever. It turned out so right For strangers in the night. Love was just a glance away A warm embracing dance away. Ever since that night we've been together. Lovers at first sight, in love forever. It turned out so right For strangers in the night. Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
