I Don't Belong

OFF!

Your high social caste Privileged friends You lure me in But I can't be your friend Hit on Miss Liberty Under the cherry tree Drunk on hypocrisy I'm standing in the shadows And I'm pissing in the punchbowl I don't belong Cocktail party Pin the tail on the donkey Icing on my face But I don't like the taste Right wing mentality God and democracy Red carpet royalty I'm standing in the shadows And I'm pissing in the punchbowl I don't belong
