

# Complexities

Daniel Caesar

Ooooh, oooh, oooh  
Ooooh, oooh, oooh  
Ooooh, oooh, ooohOoooh, oooh, ooohNow that I know, what I know  
There's nothing new, under the moon  
Spent many nights on you  
Oh I, oh II don't give a damn 'cause it don't make a difference  
I can't get mad 'cause I know I went missin'  
Cupid takes aim and put holes in ambition  
Can't go back home 'til I finish the missionNow that I know (Now, now), what I know (What I)  
There's nothing new (Nothing), under the moon (Oh, no)  
Spent many nights (Many), on you (On you)  
Oh I (Oh, oh), oh I (Oh, oh)  
Complexities, come get with me  
In spite of these complexities  
Complexities, come get with me  
In spite of these complexities
