## **Texas Was You**

## **Jason Aldean**

Ohio was a riverbank A ten speed laying in the weeds Cannonball off an old rope swing Long, long summer daysTennessee was a guitar First big dream of mine If I made it, yeah, that'd be just fine I just wanted to play, I just wanted to playBut Texas was green eyes crying goodbye Was a long drive, a heartache I'm still trying to get through Texas was you Carolina was a black car A big white number three California was a yellow Jeep Cruising down Big Sur, ha, haGeorgia was a summer job And Bama was a spring break I got memories all over the place But only one still hurts, only one still hurtsLike Texas was green eyes crying goodbye Was a long drive, a heartache I'm still trying to get through Texas was you Texas was my whole life waving goodbye Thought I'd die, a heartache I'm still trying to get throughBut Texas was you It'll always be you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
