

# The Devil's Rejects

Rob Zombie

I am the bad one  
Distant and cruel one  
I am the dream that  
Keeps you running down With distraction  
Violent reaction  
Scars of my actions  
Watch me running out Hell doesn't want them  
Hell doesn't need them  
Hell doesn't love them  
The Devil's rejects  
The Devil's rejects  
Yeah, I am the brains  
Some say insane  
Blood is the rain  
That's what life's about In the great wide  
Head split and tongue tied  
Watch the sun die  
When you're running out Hell doesn't want them  
Hell doesn't need them  
Hell doesn't love them  
The Devil's rejects  
The Devil's rejects Yeah I am the knuckle  
Bow down and buckle  
Hold your breath  
Your world is running down  
Live for the family  
Die with the family  
All is the family  
My gun is running out Hell doesn't want them  
Hell doesn't need them  
Hell doesn't love them  
This world rejects them  
This world rejects them  
This world rejects them  
This world rejects them  
The Devil's rejects  
The Devil's rejects
