Every Little Thing She Does Is Magic

The Police

Though I've tried before to tell her Of the feelings I have for her in my heart Every time that I come near her I just lose my nerve as I've done from the startEvery little thing she does is magic Everything she doe just turns me on Even though my life before was tragic Now I know my love for her goes onDo I have to tell the story Of a thousand rainy days since we first met? It's a big enough umbrella But it's always me that ends up getting wetEvery little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on I resolved to call her up A thousand times a day Ask her if she'll marry me In some old fashioned wayBut my silent fears have gripped me Long before I reach the phone Long before my tongue has tripped me Must I always be aloneEvery little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Every little thing, every little thing Every little thing, every little thing Every little, every little, every little Every little thing she does Thing she does is magic Every little thing, every little thing Every little thing she do is magic Magic, magic, magic, magic, magic Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
