

I Loved You (feat. Irina Rimes)

DJ Sava

Let go me, I'm better on my own
This isn't me, this isn't me anymore
Let me be free 'cause this isn't me
Doesn't feel like me I didn't want, I never meant to
So accidentally to fall in love with you
I didn't want, I never meant to
I never meant to
I'm looking for resulting
Searching for a hope
'Cause when you pick me out to
Ghost that door
I am looking for a heart to love me more
Just like I loved you Just like I loved you Just like I loved you Just like I loved you 'cause you
love me wrong Just like I loved you Just like I loved you Just like I loved you My heart was a fire,
your heart was a stone
I loved you so right, but you loved me so wrong. Just like I loved you Just like I loved you Just
like I loved you You didn't see, you didn't feel my pain
You left me here by my self again
Did you ever loved me?
Oh, I was just a game to you
Was just a game to you
I didn't want, I never meant to
I lost my self in this
I sold my soul to you
I didn't want, I never meant to
I never meant to I never meant to fall in love I never meant to fall in love I never meant to fall in
love Just like I loved you
Just like I loved you 'cause you love me wrong Just like I loved you Just like I loved you Just like
I loved you Just like I loved you
Just like I loved you 'cause you love me wrong Just like I loved you Just like I loved you Just like
I loved you Just like I loved you
Just like I loved you 'cause you love me wrong Just like I loved you Just like I loved you Just like
I loved you
