

Beach Baby

[Jerrod Niemann](#)

You slip off your blue jeans, put your bikini on
We've only got 'til the end of the night, so let's drink to it
Have fun we'll never forget, 'cause that's how we do it
Tappin' toes in the sand as the band plays
When you put your arms around your man, you know you're gonna hear me say
Hey beach baby, bikini body got me goin' crazy
Rockin' it out with your hands up in the sky side to side
Salt skin lady, dancin' close, got me thinkin' maybe
You'll be mine later on tonight
Hey beach baby, gonna hold you tight
When it's time for one more round and were through sipping
We'll get down, down on the beach where it's a little more hidden
Sea breeze blowin' through your hair as you and the palms sway
The way you're movin' in the moonlight you know you're gonna hear me say
Hey beach baby, bikini body got me goin' crazy
Rockin' it out with your hands up in the sky side to side
Salt skin lady, dancin' close, got me thinkin' maybe
You'll be mine later on tonight
Hey beach baby, gonna hold you tight
Tappin' toes in the sand as the band plays
When you put your arms around your man,
you know you're gonna hear me say
You slip off your blue jeans, put your bikini on
Hey beach baby, bikini body got me goin' crazy
Rockin' it out with your hands up in the sky side to side
Salt skin lady, dancin' close, got me thinkin' maybe
You'll be mine later on tonight
Hey beach baby, gonna hold you tight
You slip off your blue jeans, put your bikini on
You slip off your blue jeans, put your bikini on
