

Hangin' 'Round the Mistletoe

Alabama

Snowny days and frosty night, everything looks cold and white
Hangin' 'round the mistletoe, hangin' 'round the mistletoe
Christmas day will soon be here, and everybody's full of cheer
Hangin' 'round the mistletoe, waitin' for you dear
Well, I've waited all year long and nore the year is almost gone
Hangin' 'round the mistletoe, hangin' 'round the mistletoe
But if that's what I've gotta do just to get a kiss from you
Hangin' 'round the mistletoe, waitin' for you dear
Christmas is a special time to give and to receive
For every little kiss you give me I will give you three
You ain't gonna miss one kiss, that's one thing you'll never miss
I'm hangin' 'round the mistletow waitin' for you dear
Well, I've had my eyes on you for a long, long time
So, I'm asking Santa please, make that pretty girl mine
Waited till I'm cold and blue just to get a kiss from you
I'm hangin' 'round the mistletoe, waitin' for you dear
Hangin' 'round the mistletoe, waitin' for you dear
