

# All Men Are Pigs

## Studio Killers

La la la la la la la la la la  
La la la la la la la la la la  
La la la la la la la la la la  
La la la la la la la la la la You are one of them  
Everything but femme  
I won't be fooled again  
You've got the same kind of specs  
As the sex of men I believe in Simone De Beauvoir  
I believe that life's a film noir  
I know the role that you play  
So save your clichés  
I wasn't born yesterday so don't try to say  
I'm not typical, and Simone  
You are just cynical  
I am better than you think, let me buy you a drink  
Cha'mon, I'm not so typical at all  
All men are pigs (La la la la la la la la la la)  
All men are pigs  
(La la la la la la la la la la)  
I've seen their tricks  
(La la la la la la la la la la)  
All men are pigs My logic will prevail  
So shut up, nightingale  
This is no fairy tail; every single male  
That I've met, 'til this day, had a curly tail  
I believe it's a poo poo world  
Men deceive- that means you too, girl!  
So zip it up Romeos, listen Juliets:  
It's a form of foreplay, when you hear them say I'm not typical, and Simone  
You are just cynical  
I am better than you think, let me buy you a drink  
Cha'mon, I'm not so typical at all  
All men are pigs (La la la la la la la la la la)  
All men are pigs  
(La la la la la la la la la la)  
All men are pigs  
(La la la la la la la la la la)  
I've seen their tricks  
They know their licks  
That get their chicks  
All men are pigs  
All men but me I'm the swan that crashed on your lawn

And I'm the boy that will heal you, fix you up  
Because I'm not typical, and Simone  
You are just cynical  
I am better than you think, let me buy you a drink  
Cha'mon, I'm not so typical at all  
All men are pigs (La la la la la la la la la la)  
All men are pigs  
(La la la la la la la la la la)  
All men are pigs  
I've seen their tricks  
They know their licks  
That get their chicks (All men are pigs) I am better than you think  
Let me buy you a drink  
Cha'mon, I'm not so typical at all (La la la la la la la la la la)  
All men are pigs  
(La la la la la la la la la la)  
All men but me
