

# True Devotion

Samantha Fox

(M. Shreeve, L. Mason) We started out right, ended up wrong  
For one another babe  
When life is too short, we leave it too long  
To find each other babe I don't know, I don't know  
Just how we got this way Inside this breaking heart  
The pieces fall apart  
And all I'm dreaming of  
My true devotion  
I don't remember when  
The pleasure turned to pain  
Just want you back again  
My true devotion  
Yesterday's dreams like old magazines  
They lie beside the bed  
The hurting inside, that old foolish pride  
The things we never said  
Sorry now; funny how we bite the hand that feeds  
Turn out the light, say goodnight  
Time to draw the blinds  
Missing you, who's kidding who  
We can't go on this way
