True Devotion

Samantha Fox

(M. Shreeve, L. Mason)We started out right, ended up wrong For one another babe When life is too short, we leave it too long To find each other babeI don't know, I don't know Just how we got this wayInside this breaking heart The pieces fall apart And all I'm dreaming of My true devotion I don't remember when The pleasure turned to pain Just want you back again My true devotion Yesterday's dreams like old magazines They lie beside the bed The hurting inside, that old foolish pride The things we never said Sorry now; funny how we bite the hand that feeds Turn out the light, say goodnight Time to draw the blinds Missing you, who's kidding who We can't go on this way
