## Book of Love

I write down  
Everything they say  
So I don't get lonely  
When you are away I've got a book of love  
I've got a book of love  
I've got a book of Pages from my book of love  
Pages from my book of love  
Pages from my book of love  
Pages from my book of love If you should  
Ever happen to leave  
I'll add your book to my  
Love lorn library  
Pages from my book of love  
Pages from my book of love  
Pages from my book of love  
Pages from my book of love  
Pages from my book of love  
Pages from my I've got a book of love  
I've got a book of love  
I've got a book of love I know you'd never try to leave me  
'Cause I've got a chain  
Around your heart  
And you'll never be free I've got a book of love  
I've got a book of love  
I've got a book of love  
(Pages from my book of love)  
(Pages from my book of love)  
I've got a book of love  
(Pages from my book of love)  
(Pages from my book of love) I've got a book of love  
(Pages from my book of love)  
(Pages from my book of love)  
I've got a book of love  
(Pages from my book of love)  
(Pages from my book of love)
