

# Cold Beer Calling My Name (feat. Luke Combs)

Jameson Rodgers

It's been one of them clock it in, knock it out, clock it out  
'Bout to kick off the weekend  
There's a stretch of blacktop, I ain't never seen a cop  
So I'm pushing it a little past ten  
Pulled a little money from the bank, put it in the tank  
Shined up the windshield glass  
Don't know where the night might lead, ain't nowhere to be  
But I gotta get there fast There's a cold beer calling my name  
Feel a good time coming, got a new song humming  
And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven  
Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name, yeah  
If there's a hillbilly rock show, I'll be in the front row  
Holding up a red Bic flame  
Or a wraparound porch with a citronella torch  
Yeah, you know I'm down either way  
There's a chance that tonight might be a night that we  
Ain't ever gonna forget  
Yeah, everybody's turning it up, I got a little buzz  
And I ain't even had one yet There's a cold beer calling my name  
Feel a good time coming, got a new song humming  
And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven  
Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name  
It's calling my name  
Yeah, there's a cold beer calling my name  
Oh yeah it is  
Yeah, I'm gonna put a little chill in my weekend  
Stay up all night, maybe sleep in  
I'm gonna sip a little something  
And I ain't gotta worry 'bout nothing 'cause  
There's a cold beer calling my name  
Cold beer calling my name There's a cold beer calling my name  
Feel a good time coming, got a new song humming

And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven  
Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name  
It's calling my name Cold beer calling my name  
It's calling my name  
Yeah, I'm gonna put a little chill in my weekend
