

Most High (with Semah)

Flavour

Lord You are the most high, hallowed be thy name
you tell me say make I nor bother
that everything is gonna be okay
you are the father to the fatherless
the miracle working God
you make a blind man to see
you make the crippled man to walk
you are the lily of Galilee
you make impossible possible
agamatugimama...

lord you are the most high, hallowed be thy name
