

# Ain't Too Cool

## LunchMoney Lewis

Baby why you starin' at your cell phone?  
Why you got your back against the wall?  
What'cha talkin' 'bout with all your girlfriends?  
We need to get your ass out on the floor  
I know you want a baller, baby I understand  
Who's wearing all that jewellery and expensive name brands  
But I can show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
Come on baby take my hand  
If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't to cool to dance  
Don't you be afraid to shake your booty  
And don't be too shy to work them hips  
Pack it all up and bring it to me  
I'm the one you wanna go home with  
I know you want a baller, baby I understand  
Who's wearing all that jewellery and expensive name brands  
But I can show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
Come on baby take my hand  
If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't to cool to dance  
Break it down now, break it down now, break it down to the ground to the ground now  
Break it down now, break it down now, to the ground to the ground to the ground now  
Shake your ass now, shake your ass now, shake you ass now make your boyfriend jealous  
Shake your ass now, shake your ass now, shake you ass make your boyfriend jealous  
I know you want a baller, baby I understand  
Who's wearing all that jewellery and expensive name brands  
But I can show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
So come on baby take my hand

If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't too cool to dance  
You see I'm cool  
But I ain't too cool to dance  
With a moonwalk right outta here  
If you ain't too cool to dance
