Family Table

Zac Brown Band

It's just an old piece of wood On top of four legs It's got a few coffee stains And a thousand marks from God knows when Ain't too many things That could stand the test of time But this family table's held together By lovin' never diesSo won't you come on in? Supper's almost done Go ahead and call your friends 'Cause we got room for everyone Let's make some memories, 'round this 9 foot pie Pull up a chair and stay a while At the family table Family table It's the corner stone That held us all up Through the best of times And be that way when times got tough We blew the candles out In our walk through time This family table's bound together By lovin' never diesSo won't you come on in? Supper's almost done Go ahead and call your friends 'Cause we got room for everyone Let's make some memories, 'round this 9 foot pie Pull up a chair, stay a while Gather 'round, hand in hand Close our eyes and bow our heads Thank the Lord for everything He's done And for everyone At the family tableSo please come on in When your work is done Go 'head and wash your hands And gather 'round with everyone Makin' memories, 'round this 9 foot pie No other place can ease your mind Like a family table Family table Like a family table Family table
