

# Bo\$\$ (feat. Rick Ross)

## Omarion

They lookin' at you, standing next to me  
The closest to perfection, sum' might eva see  
Girl they know, to look this good it probably took s'time  
So all these bottles won't stop comin' even when they close this bar tonight, ohBut ya ain't got  
to eva leave  
Cuz, baby, ya here wit me  
Ya ain't gotta eva go  
Ya can tell em if they want to know  
That if anybody want to knowYa wit a boss muhfucka  
Ya wit a boss muhfucka  
Ya wit a boss muhfucka  
Ya can tell em if they want to know  
If they ask you can let it go  
Tell em I'm a boss muhfucka  
Eva seen a presidential suite befo'?!  
So come on in, in the morning  
I be John & ya be Marilyn Monroe  
It's the way I see ya, baby girl, you're legendary beautiful  
& as long as you're around me baby girl then everyone else will knowBut ya ain't got to eva  
leave  
Cuz, baby, ya here wit me  
Ya ain't gotta eva go  
Ya can tell em if they want to know  
That if anybody want to knowWhen you wit me you know you fucking wit a bo\$\$  
You ain't gotta leave when you're fucking wit a bo\$\$  
(Ya know I love this)  
Everythin' free when you fucking wit a bo\$\$  
When ya wit me you know you fucking wit a bo\$\$  
I'm a boss muhfucka  
Flown wit a bad one, time fo' sum' action  
Safe combination, keys 2 the mansion  
Still a hood n\*\*\*a, flight reservations  
Blowing out yo candles, fat boy straight caking  
She deserve a real 1, now ya fucking wit a real 1  
Walk wit a real 1, this a whole another feeling  
Then we fuck like we both mad, betta than we ever both had  
She can see through my soul  
Know when I'm creeping wit these hoes  
Forgiatos on the vent  
First and last name on the check  
Forty eight laws of power  
Shawty, the world is oursYa wit a boss muhfucka

Ya wit a boss muhfucka  
Ya wit a boss muhfucka  
Ya can tell em if they want to know  
If they ask you can let it go  
Tell em I'm a boss muhfucka
