

This Beat Is Technotronic

Technotronic & Mc Eric

When I'm down on the microphone stand
I give you all the dope lyrics and
ducin' the band to make you understand
How this is planned, I demand a microphone to rock the home boys
With an instrumental to make noise
Yo, I'll rock the home girls too
I'll explain the name of the crew Yo, this beat is, this beat is
This beat is Technotronic
This beat is Technotronic
And Eric got lyrics for y'all I saw your posse but now it's me who's bossin'
So I'm givin' the orders around here
You don't wanna get sacked so be a
Good party goer, get the floor ready
And yourself ready, huh, I rock steady
Like a rock, then I won't stop till it's at the top
And the drop to hop to it
Yo, they couldn't do it to get more to the point They blew it but not like you're blowing a speaker
They can't go on because they're weaker
I seek a strong posse I insist for this the People prove that letha l beats can equal feats that I
produce And Techno produced it so tight right
Yo, it can't be a loose fit
So step right up for your sizes
You know what the first prize is, yo This beat is, this beat is
This beat is Technotronic
This beat is Technotronic
And Eric got lyrics for y'all
This beat is, this beat is

You don't wanna make noise so, hush
Shh, listen, no hiss'n and booin'
I mean who in the world is fresher I test a M.C. in my spare time
But right now I'm making the song
I'm on the right track
There's the dope beat and this is the rap That was a warning, I'm getting warm and
Now we're all in participation
Move the nation, this creation
I put the bass in, I put the rhymes in Side to glide and ride

So lonely I confide in to you to
