

# Diamonds (with Normani)

## Megan Thee Stallion & Normani

Diamonds are a girl's best friend (Tiffany)  
Di-Diamonds are a girl's best friend  
Southern girl in me, I ain't afraid to catch a case VVS' on me and I flooded out the face (Hey,  
hey, Cartier) Diamonds are a girl's best friend (Tiffany)  
Di-Diamonds are a girl's best friend  
I don't need you, I got flooded out baguettes  
I don't need you, all my diamonds drippin' wet (Cartier) I'm a super she-roe, bitch  
Don't try me, hoe  
Bad like a villain  
I pop it and then I reload  
All the best things in life come for free  
B-But don't you think that applies to me  
I do what I want 'cause I know that I'm hot  
Ain't in a band, but you know how I rock  
Don't need clippers to give you a chop  
Took me to dinner, then I took him out I like it when you call me crazy  
'Long as you keep callin', baby  
You think it's cute that I know how to shoot  
Don't you be scared if I point it at you Broke up with my ex, uh  
Dumped him in the text  
Would wish you the best, but I already left  
Date night with my bitches  
Gettin' real twisted  
You know what you could do?  
Give my ass a bunch of kisses  
I love me this much  
My pear shape all dripped up  
It's freezing  
In my body, oh Diamonds are a girl's best friend (Tiffany)  
Di-Diamonds are a girl's best friend  
Southern girl in me, I ain't afraid to catch a case  
VVS' on me and I flooded out the face (Hey, hey, Cartier) Diamonds are a girl's best friend

a range  
And I could take a hit, I ain't scared of the pain  
And I don't really bang but I came with the gang  
And if you get too close, I might snatch off ya chain, ooh You want me to be a lil' more  
ladylike? Mmm  
Come through with my girls and beat your ass on ladies night, ayy
