

# Grow Up

## Paramore

I told 'em all where to stick it  
I left town with a dime to my name  
I said, I'm done with all of my fake friends  
Self-righteous pawns in a losing game  
Got my band and a light that won't go out  
Been burning since the day I was born  
So I cried just a little then I'll dry my eyes  
Cause I'm not a little girl no more  
Some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind  
Some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind  
Stood in line for so long just to picket  
Something I will never understand  
Aren't you tired of always being mad at the world?  
Won't you just admit you don't care?  
And lady, I don't want your pity  
So don't feel sad for me  
I got a love I would die for and a song to sing  
Maybe we're both just living out our dream  
And some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind  
Some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind  
We get along for the most part  
Me and reality, the light and the dark  
We live alone, two different worlds  
Me in a fantasy, you in your memories  
But we get along  
We get along  
(For the most part)  
We get along  
(yeah, for the most part)  
We get along  
(For the most part)  
We get along  
(For the most part)  
We get along  
(For the most part)  
We get along  
Some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind (leave you behind)  
Some of us have to grow up sometimes  
And so, if I have to I'm gonna leave you behind (leave you behind)  
Some of us have to grow up sometimes (we grow up and evolve)  
And so, if I have to I'm gonna leave you behind  
Some of us have to grow up sometimes (we grow up and evolve)  
And so, if I have to I'm gonna leave you behind
