

# Shadow

## Birdy

Woke up to the music of your heart  
Saying I, I  
Caught up in the wishing that it lasts  
Saying I, I Only you ever make me scared  
Cause only you can take me there So wherever you go  
I'm your shadow  
Desert to ice flow  
I will follow  
Wherever you go  
I'm your shadow  
I'm your shadow Ah, ah, ah, ah, ah  
Ah, ah, ah, ah, ah  
There beneath your body when it wakes  
Saying I, I  
Hiding under every step you take  
Saying I, I Only you ever make me care  
Cause only you ever made me dare So wherever you go  
I'm your shadow  
Desert to ice flow  
I will follow  
Wherever you go  
I'm your shadow  
I'm your shadow  
I'm your shadow I know, I know, I know  
Everywhere you move  
You stay, you go, you change  
I am far too  
So wherever you go  
I'm your shadow  
Desert to ice flow  
I will follow  
Wherever you go  
I'm your shadow  
So wherever you go  
I'm your shadow  
Desert to ice flow  
I will follow  
Wherever you go  
I'm your shadow  
I'm your shadow
