

Shadow

Birdy

Woke up to the music of your heart
Saying I, I
Caught up in the wishing that it lasts
Saying I, I Only you ever make me scared
Cause only you can take me there So wherever you go
I'm your shadow
Desert to ice flow
I will follow
Wherever you go
I'm your shadow
I'm your shadow Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah
There beneath your body when it wakes
Saying I, I
Hiding under every step you take
Saying I, I Only you ever make me care
Cause only you ever made me dare So wherever you go
I'm your shadow
Desert to ice flow
I will follow
Wherever you go
I'm your shadow
I'm your shadow
I'm your shadow I know, I know, I know
Everywhere you move
You stay, you go, you change
I am far too
So wherever you go
I'm your shadow
Desert to ice flow
I will follow
Wherever you go
I'm your shadow
So wherever you go
I'm your shadow
Desert to ice flow
I will follow
Wherever you go
I'm your shadow
I'm your shadow
