

# Am I Awake?

## They Might Be Giants

Am I awake? What time is it? When I get through this day  
Can someone tell me how  
And how much longer now  
Am I awake? The coffee's cold, did I forget to drink it yet  
Did I forget?  
My clothes are wet I don't remember drinking it When I get through this part  
Will the next one be the same  
Will I be wondering  
If I'm awake?  
These are not the clothes I had on when I went to bed  
And something else besides my hair is growing from my head  
And when I close my eyes it looks the same as when I open them again Am I awake? What time  
is it? Is it that time again?  
Wasn't it already then?  
So does it have to be  
The time it was again When I get through this day  
Can't someone tell me how  
And how much longer now  
Am I awake?  
Am I awake? When I get through this day  
Can someone tell me how  
And how much longer now  
Am I awake?  
When I get through this day  
Can someone tell me how  
And how much longer now  
Am I awake?
