

The Wolves

Ben Howard

Oooooooooooooohhhhh
Oooooooooooooohhhhh
OooooooooooooohhhhhOooooooooooooohhhhh
Oooooooooooooohhhhh
OooooooooooooohhhhhFallin' from high places.
Fallin' through lost spaces.
Now that we're lonely.
Now that there's nowhere to go.Watching from both sides these
clock towers burnin up.
I lost my time here, oh,
I lost my patience with it it all.
Mmmmmm
We lost faith
in the arms of love.Oh, Where you been hiding lately
Where you been hiding from the news?
Cause we've been fighting lately,Oh we've been fighting with the wolves.
Oooooooooahhhh with the wolves.
Oooooooooahhhh with the wolves.
Red tongues and hands.Falling from high places.
Falling through lost spaces.
Now that we're lonely.
Now that we're so far from home.Watching from both sides,
these towers been tumbling down.
I lost my mind here.
I lost my patience with the lord.
Oh, with the Lord
We lost faith, in the arms of love.Love Love Love
Where you been hiding lately,Where you been hiding from the news?Because we've been
fighting lately,
We've been fighting with the wolves.Oooooohhh
With the wolves.Oooooohhh with the wolves.
Red tongues and hands.Red tongues and hands.OooooooooooooohhhhhOooooooooooooohhhhh
Oooooooooooooohhhhh
Oooooooooooooohhhhh
Oooooooooooooohhhhh
Oooooooooooooohhhhhhh
We lost faith, in the arms of love.
Love love love.
Love love love.
Love love love.
Love love love.
Love love love.

Love love love.
Love love love.
Love love.
Love love love.
Love love love.
Love love love.
Love love love.
