(Mr. Piano Man)
He played a song
Filled With sadness I believed him
Even though
We're strippin'
With madness I could see it
We were lost

In the music
Everyone knew it Truth
Was in the air
Tonight
I could see
All the faces
They thought The same
Won't you please
Play me a song
About heartache
I promise I can sing
Every word
Play me a song
About love lost
That's another one
Everyone's heard
Strike up the band
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
(Mr. Piano Man)
Play a song for us
(Mr. Piano Man)
Play a song for love
(Mr. Piano Man)
Play a song for us
(Mr. Piano Man)
Play a song for love
(Mr. Piano Man)
He was going
For hours
People
Crying showers
No one ever really
Telled how it is
I sang
About hopeless
Cause everyone
Knows it, knows it
And it was

So honest
Finally breathing
Some clean air
Been through it
And seen there
I put my star
To fame
Now the spotlight
Was fading
He just kept
On playing
Play me a song
About heartache
I promise
I can sing
Every word
Play me a song
About love lost
That's another one
Everyone's heard
Strike up the band
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
We can have
The whole world
Singing tonight
(Mr. Piano Man)
Play a song for us
(Mr. Piano Man)
Play a song for love
(Mr. Piano Man)
Play a song for us
(Mr. Piano Man)
Play a song for love
(Mr. Piano Man)
