

# Simple Song

## Miley Cyrus

Wake up, here I go, cram it all down my throat  
Stomach's so full that I wish I could choke  
Seven a.m., my head's already in a spin As soon as I'm out that door  
Bam, it hits me like a ton of those red bricks  
Can't dig myself out of this highest ditch  
This madness I swear sometimes I can't tell  
Which way's up, which way's down  
It's all up in my face, need to push it away  
Somebody push it away, so all that I can hear  
Is a simple song, sing along now La, la, la, la, la  
La, la, la, la  
La, la, la, la, la  
La, la, la, la  
Midday sun beating on the concrete  
Burning up my feet, too many cars on the street  
The noise, the red, the green, makes me wanna scream Five o'clock now it's bumper on  
Bumper on, bumper horns honking  
Nobody's looking but everybody's talking  
It's another day on this highway I swear sometimes I can't tell  
Which way's up, which way's down  
It's all up in my face, need to push it away  
Somebody push it away, 'cos all I wanna hear, oh  
Is a simple song, sing along now La, la, la, la, la  
La, la, la, la  
La, la, la, la, la  
La, la, la, la, hey!  
Sing along now  
Sing along  
What I'd give to turn it off  
And make it stop, make it stop  
You gotta make it stop, so all that I can hear  
Is a simple song, sing along now La, la, la, la, la  
La, la, la, la  
La, la, la, la, la  
La, la, la, la La, la, la, la, la  
La, la, la, la  
La, la, la, la, la  
La, da, da, da
