

How Was Your Day? (feat. Clairo)

Mellow Fellow

i can be your home
only for the night if you want
so you dont have to be aloneand if your day was long
ill be there to ask you
"what went wrong, my dear?"if your day was long
ill ask you how your day wasand if you seem really tired
ill ask you how your day wasi can be your home (fool)
only for the night if you want
so you dont have to be alone
and if your day was long
ill be there to ask you
"what went wrong, my dear?"
