

Someone New

Astrid S

[Verse 1]

Does she dress in cool clothes?

Did you meet in Paris?

Bet she's beautiful and perfect, everything I'm not

Wish that I could find out all your little secrets

Talking like a psychopath, I know I gotta stop[Pre-Chorus]

Head against the wall

I've been here before

I can't let you go[Chorus]

It's hard, but it's true

I can't stop myself from thinking 'bout you (Ah)

It's hard, but it's true (Ah)

I can't stop myself from thinking 'bout you ('Bout you)

But you're thinking 'bout someone new (Ah)

[Post-Chorus]

Ooh, ooh, ooh, ooh, ooh

But you're thinking 'bout someone new[Verse 2]

In New York, 3 A.M., I'm sleepless

It's like I can't escape your face, I see you everywhere

You're standing in the spotlight

It's like you're on the TV

I'm checking every window I walk past in case you're there[Pre-Chorus]

Head against the wall

I've been here before

I can't let you go[Chorus]

It's hard, but it's true

I can't stop myself from thinking 'bout you (Ah)

It's hard, but it's true (Ah)

I can't stop myself from thinking 'bout you ('Bout you)

But you're thinking 'bout someone new (Ah)

[Post-Chorus]

Ooh, ooh, ooh, ooh, ooh

But you're thinking 'bout someone new[Bridge]

I still wear your t-shirt in my bed, ooh

I try so hard but I just can't forget

It's hard, but it's true

I can't stop myself from thinking 'bout you[Chorus]

It's hard, but it's true

I can't stop myself from thinking 'bout you ('Bout you, ah)

It's hard, but it's true (Ah)

I can't stop myself from thinking 'bout you ('Bout you)

But you're thinking 'bout someone new[Post-Chorus]

Ooh, ooh, ooh, ooh, ooh
But you're thinking 'bout someone new
