

# Live On Stage

## Dilated Peoples

(feat. Talib Kweli)[Talib Kweli]  
Brooklyn stand up, L.A. stand up  
Matter fact, the whole planet rock with us now![Hook]  
{\*"Dazzlin - Dilated displayin' a new sound"\*}  
[All] We all live on stage!  
{\*"Run up in your venue like what what what!"\*}  
[Iris] Check it out y'all! [Evid] Check it out  
[Iris] You're now rockin' with the world's best  
{\*"Dazzlin - Dilated displayin' a new sound"\*}  
[All] We all live on stage!  
[Iris] And we do it for you  
[Evid] We do it for you  
[Talib] We do it for you  
{\*"Live on stage!"\*}  
[Iriscience]  
Aiiyo, basic mathematics - add shit, subtract shit  
Multiply, divide, break down shit to fractions  
Equality - Not greater than or less than  
Los Angeles, Brooklyn, connect to Manhattan  
Expansion Team - Movin' through lights, cameras and action  
Thoughts to ideas, designs to manufacturin'  
? to we blaze and make it happen  
On stage I quote the bible then blast like Sam Jackson  
{\*"I jump on stage and change forms"\*}  
Rock it, don't bug out, kid, my team scores  
A lot of emcees out there with phony lives  
They master the studio but never master the ceremon'  
Check it live  
[Hook]  
{\*"Dazzlin - Dilated displayin' a new sound"\*}  
[All] We all live on stage!  
{\*"Run up in your venue like what what what!"\*}  
[Iris] Check it out y'all! [Evid] Check it out  
[Iris] You're now rockin' with the world's best  
{\*"Dazzlin - Dilated displayin' a new sound"\*}  
[All] We all live on stage!  
[Iris] And we do it for you  
[Evid] We do it for you  
[Talib] We do it for you  
{\*"Live on stage!"\*}[Evidence]  
You know we - break barriers, redefine the coast  
Classic hits like Ice Cube's "AmeriKKKa's Most"

Dilated - extra extra, read the front page  
 Catch us live on stage - like Roxanne Shante  
 Straight out the cage - learn ya lesson  
 Yo, studio sessions are not shows  
 Learn ya lesson - in shows and studios  
 This here breath controls all I got to lose  
 But the architects respect it - live in House of Blues  
 Flow for my peeps - thats true  
 You know we take it live on stage  
 And new levels for you  
 Thirty bucks a ticket?  
 No, that's breads and breaks  
 So I'ma stay sharp and seperate the real from fakes  
 You know.[Hook]

 I got the crowd in the palm of my hands  
 It go like the dominant strands  
 Squeeze as hard as I can  
 Stormin' like that beach in Normandy  
 So just droppin' the sand  
 The way I'm rockin' the fans  
 Like when you take a homeless man and you promise him land  
 Understand I rock for Dilated  
 The longer you wait, longer you get violated  
 If words was notes, I say it the way Miles play it  
 I know my styles hated - you can't get nowhere near it  
 Instead of investin' in hate, you should invest in merit  
 Look at yourself, you monstrosity of hypocrisy  
 Tryin' to be the king of media, you the king of mediocrity  
 Chop your flow, disposable, like heroes of the prophecy  
 I got the evidence that me and Rock know how to flow properly  
 C'mon man![Hook]
