

# Tonight (Original Italo Disco)

**Ken Laszlo**

(Tonight, Tonight) We try to know and take it just for tonight  
Let your feeling riding over the flies  
To make your joy, well, enjoy your self  
Don't give up the pleasure of tonight\*)  
Don't be so worry, baby  
Everything has gotta be great  
Why don't you try to know it  
You don't tell things to forget  
Or will I told you  
Ref) 2x  
Oh, oh . (tonight)  
We will see tonight. We got the pleasure in the right way  
Oh, oh . (tonight)  
You and me, better now. We're finally together Repeat: (Tonight ...)  
Stop to the movin' and just listen to me  
We'll be paddle now to lose your mind  
Catch the moment, enjoy yourself  
Try to touch it with the love in the eyes Repeat: \*)
