Forca

Nelly Furtado

It is the passion flowing right on through your veins And it's the feeling that you're, oh, so glad you came

It is the moment you remember you're alive

It is the air you breathe, the element, the fireIt is that flower that you took the time to smell

It is the power that you know you got as well

It is the fear inside that you can overcome

This is the orchestra, the rhythm and the drumCom uma forca, com uma forca

Com uma forca que ninguem pode parar

Com uma forca, com uma forca

Com uma fome que ninguem pode matar

It is the soundtrack of your ever-flowing life

It is the wind beneath your feet that makes you fly

It is the beautiful game that you choose to play

When you step out into the world to start your dayYou show your face and take it in and scream and pray

You're gonna win it for yourself and us today

It is the gold, the green, the yellow and the gray

The red and sweat and tears, the love you go, heyCom uma forca, com uma forca

Com uma forca que ninguem pode parar

Com uma forca, com uma forca

Com uma fome que ninguem pode matarCloser to the sky, closer, way up high, closer to the sky

Com uma forca, com uma forca

Com uma forca que ninguem pode parar

Com uma forca, com uma forca

Com uma fome que ninguem pode matar
