

# Tropical

Inna

My love is like a movie scene, yeah  
My touch is like a summer breeze  
Your heart is lighter, make them hotter  
Make you fall in love with me, in love, in love with me  
So move it, move it to the floor (move it move it to the floor)  
If you want it, let me know  
Are you ready for me?  
Watch me, watch me dip it low (Watch me, watch me dip it low)  
If you want it, let me know  
If you're ready, let me know  
Just let me be your tropical  
And watch me whine it up, whine it up  
(Club keep it moving for you)  
Yeah, I can be your tropical  
So watch me whine it up, whine it up  
(Move your weave like a tropical, ya)  
(Like a tropical, ya)  
My body moves along with the waves  
My love is like a mountain road  
You never get enough of me, yeah  
Make you fall in love with me, in love, in love with me  
So move it, move it to the floor (move it move it to the floor)  
If you want it, let me know  
Are you ready for me?  
Watch me, watch me dip it low (Watch me, watch me dip it low)  
If you want it, let me know  
If you're ready, let me know  
Just let me be your tropical  
And watch me whine it up, whine it up  
(Club keep it moving for you)  
Yeah, I can be your tropical  
So watch me whine it up, whine it up  
(Move your weave like a tropical, ya)  
(Like a tropical, ya)
