

# First

## Cold War Kids

Cheated and lied, broken so bad  
You made a vow, never get mad  
You play the game, though it's unfair  
They're all the same, who can compare?  
First you lose trust, then you get worried  
Night after night, bar after club  
Dropping like flies, who woke you up?  
On the front lawn, sprinklers turn on  
It's not your house, where'd you go wrong?  
First you get hurt, then you feel sorryFlying like a cannonball, falling to the earth  
Heavy as a feather when you hit the dirt  
How am I the lucky one?  
I do not deserve to wait around forever when you were there first  
First you get hurt, then you feel sorry  
There comes a time, in a short life  
Turn it around, get a re-write  
Call it a dark night of the soul  
Ticking of clocks, gravity's pull  
First you get close, then you get worriedFlying like a cannonball, falling to the earth  
Heavy as a feather when you hit the dirt  
How am I the lucky one?  
I do not deserve to wait around forever when you were there first  
First you get hurt, then you feel sorryYou're going silent, the silent treatment  
It's not inviting now  
Don't deny what you meant  
You get excited, you get excited  
You got a feeling, or at least you can pretend  
You wanna light it, you wanna light it  
You wanna light it now, the candle from both ends  
You get excited, you get excited  
Flying like a cannonball, falling to the earth  
Heavy as a feather when you hit the dirt  
How am I the lucky one?  
I do not deserve to wait around forever when you were there first  
Flying like a cannonball, falling to the earth  
Heavy as a feather when you hit the dirt  
How am I the lucky one?  
I do not deserve to wait around forever when you were there firstFirst you get close, then you  
get worried  
First you get close, then you get worried  
You wanna light it now, the candle from both ends  
First you get close, then you get worried

You wanna light it now, the candle from both ends  
First you get close, then you get worried  
You wanna light it now, the candle from both ends  
You wanna light it, you wanna light it  
You wanna light it now, the candle from both ends  
You wanna light it, you wanna light it  
You wanna light it now, the candle from both ends
